

# CLIENT PROFILE: HOIST UK

LIFTING EQUIPMENT & SOLUTIONS

Directors Paul Jordan and Tony Dickson explain their longstanding relationship with Horner Downey & Co:

"Hoist UK are market leading providers of lifting and handling equipment for the industrial and entertainment market sectors. Our skills and expertise have provided lifting solutions for a diverse range of clients including Airbus, TK Maxx and Boyzone. Today we are one of the largest lifting and handling equipment designers, manufacturers and installers in the country; supplying lifting solutions to both UK and international customers in a variety of markets.

"Whether we are designing an overhead crane system within an industrial environment or manufacturing a bespoke winch to fly performers as part of an elaborate production, every installation requires problem solving and attention to detail at the highest level, and that is why we've developed a reputation for excellence

"For our business working with customers both in the UK and internationally, it's important that we have a trusted and reliable accountant on hand to provide the assistance and expert advice we need. We've worked with Horner Downey for the past 10 years and they have continually supported our growth and diversification."

Horner Downey's Director Mark Williams added: "Hoist UK are a great example of the buzzing technology development that is going on here on the Wirral. With lots of successful businesses with innovative niches, our region is a great place to start and grow a business.

"There are a number of advantages to having a local accountant – having a face to face meeting at short notice, or the ease of managing and submitting paperwork. We look forward to continuing to support Hoist UK in any way that we can."
